Closest to the pin: Low - 8 & 17 High- 4 & 14

On holes 8 & 14, you may use the red tee box as a drop area if you hit it in the water.

There are some bunkers that have been converted into Waste Areas & some that are being transitioned to grass. The difference between the waste areas and bunkers is easily identifiable. The waste areas have brown sand/stone and the bunkers are white sand. The areas being converted to grass are also easily identifiable as they have a lot of sand mixed in with grass.

Lift, Clean, Rake & Place in all bunkers (White Sand) NOT in Waste Areas

Waste areas are to be played as General Area. You can ground your club or take practice swings. There are no rakes. You CAN NOT lift, clean and place in Waste Area.

Any areas being converted from Bunkers to grass, can be played as GUR (Ground Under Repair). Some are marked as such with a white line around them, and some are not. You can play it as it lies, or find your nearest point of relief and drop within one club length, no closer to the hole.

All flower beds are to be played as GUR. You MUST take relief. No penalty.

All water to be played as a penalty area.

This course winds through a subdivision. Out-of-Bounds comes into play on most holes. Please play a provisional if you may be close to Out-of-Bounds to prevent slowing down play. Out-of-Bounds is well marked in most places. Fences and backyards are Out-of-Bounds. Some tree lines on the outside of the course are marked Out-of-Bounds before the tree line. If not, anything beyond the trees bordering the course is Out-of-Bounds.
